

# World Scleroderma Day

29th June 2015

## UNVEILING SCLERODERMA

This World Scleroderma Day 2015 we will be 'Unveiling Scleroderma'.

Organisations across the globe are taking part in the campaign to raise awareness for 2.5 million individuals diagnosed with scleroderma worldwide.

### 25 seconds for 2.5 million

You can help us raise awareness by recording a 25-second video about your experience of scleroderma and sharing with your social networks. Use the hashtags to view your video on the main WSD website. **#WSD15 #unveilscleroderma #scleroderma #worldsclerodermaday**

### Help us create change

On the 30th June FESCA aisbl will be unveiling scleroderma at European Parliament, Brussels. This event aims to raise awareness amongst MEPs, policy makers and stakeholders to tackle inequity of care and ensure every scleroderma patient in Europe has access to quality care. Support this event by signing the pledge on the World Scleroderma Day website.

The gifted Swiss artist Paul Klee made painting his life's work, but it was strongly influenced by his scleroderma, as this painting chosen as icon for the first World Scleroderma Day demonstrates. He died June 29, 1940.

Paul Klee, *Kettledrummer* 1940, 270 (coloured paste on paper on cardboard), 34.6 x 21.2 cm, Zentrum Paul Klee, Bern

The 2015 World Scleroderma Day is made possible by financial support from Actelion Pharmaceuticals Ltd., Bayer Pharma AG, and the World Scleroderma Foundation. FESCA aisbl and its national members have complete control over the contents of the campaign and activities.
