Advancing equitable rare disease diagnosis and care:

How EU health policy can solve existing challenges

Stakeholders' reflections on systemic sclerosis (SSc)

ORGANIZED BY

**Federation of European
Scleroderma Associations**

HOSTED BY

**MEP Patrizia Toia
(IT, S&D)**

DATE & TIME

**27 September 2022
3pm-5pm**

LOCATION

**European Parliament
Room 3H1**

The event aims to bring together public, private and civil society stakeholders to discuss the results of new evidence collected on the gaps and practices in diagnosis and care of systemic sclerosis, as well as the opportunities offered by ongoing health-related legislative proposals in addressing their root-cause.

Get involved and join us in advocating for all those affected by systemic sclerosis across Europe today!
